TURNER HASTINGS

The Turner Hastings Difference

At Turner Hastings, we understand that home is where the heart is. Your bathroom is a place of sanctuary from the busy lives we lead. Every Turner Hastings product – from the smallest chrome fitting to the most elaborate fine fireclay ceramic basin is designed and manufactured to create unique, inviting and luxurious living spaces that stand the test of time.

Our exclusive range allows you to design a bathroom that is a true reflection of your appreciation for unparalleled quality and design.

Culture Of Customer Care

We are an Australian family owned and operated business since 1996. Our culture of customer care allows us to serve the Australian market the way they deserve – to the highest level.

Craftsmanship

Turner Hastings value quality as much as design. High quality materials are central to everything we do. All of our products are carefully designed and manufactured from ceramic or fine fireclay from workshops and artisan studios throughout the world.

Manufacturers Of Fine Fittings

EST 1996

Since 1996, Turner Hastings has been committed to manufacturing superbly crafted European quality bathware, sinks, and tapware to the Australian bathroom and kitchen market.

Turner Hastings strives to apply this design, innovation and quality approach to all facets of our craftsmanship and service for over two decades.

Fine Fireclay

Fireclay, a powerful, natural material. Our fine fireclay basin collection is manufactured with a 100% natural organic and recyclable material used by craftsmen.

Fired to Perfection. Fired to temperatures that reach 2000°C until the clay transforms into a durable, impact-resistant dense material.

The special glaze coating that is fused with the fireclay body during firing gives fireclay sinks a nonporous, uniform surface that will not rust or stain over time and is highly resistant to scratches.

Rest assured with Turner Hastings' industry leading guarantee!

If there is an unlikely breakage in transit we will replace the product free of charge within 365 days of your invoice date.

Terms and conditions apply. Please refer to our website for further details.

HAMPTONS BATHROOM COLLECTION

Hamptons bathrooms are classic, elegant and timeless. The distinctive Hamptons style is well at home in Australia. A fresh airy palette of white, natural textures, ocean inspired colours and lots of natural light.

Cambridge 174 x 76 TitanCast Bath in Satin Silk White

The TitanCast Freestanding Bath Collection

Bathrooms are often seen as a space to create a sanctuary in your own spa-like retreat in your home. Introducing a freestanding bath in a Hamptons aesthetic particularly lends itself to that spa sensibility because of the soft curves in the bath contrasting with the sharp lines of a vanity or mirror, light and airy colour palettes. The use of beautiful, quality natural materials, add to the overall elegance of this design style.

TitanCast Baths:
Lifetime Warranty

Cambridge 156 x 76 TitanCast Bath in Satin Silk White

TitanCast Solid Surface

TitanCast Solid Surface Baths are unparalleled in quality, performance, durability and beauty. They are non-porous, hygienic, stain and chemical resistant and a repairable material. The TitanCast baths are solid throughout, so scratches can be buffed out throughout the bath's lifetime, furthermore the white is crafted to match high quality ceramics creating a cohesive look in your bathroom.

As a result of its solid homogenous properties and colour throughout the material, the appearance will retain its original beauty for many years with minimum maintenance required.

Unique to TitanCast, the baths are easy to install being made from premium light materials. The satin silk finish is easy to clean and highly resistant to finger prints.

For peace of mind, Turner Hastings offer a lifetime warranty on the TitanCast Baths and Basins from date of purchase. Rest assured knowing the warranty covers any production or material defect.

**Lifetime
Warranty**

**Solid Colour
Throughout &
Scratch Resistant**

Our Handle Options

Your choice of chrome, matte black or antique brass.

Coventry 120 x 55 Single Bowl Vanity

Coventry Collection

Individualise your Hamptons style bathroom with a genuine Italian Carrara marble top, no two pieces are the same so your bathroom will be as individual as you. With the beautiful shaker style intricate panels on the solid timber doors and sides, the German-made ultra-reliable Blum soft close drawers and door hardware, this is a premium selection for your home.

Natural stone variations:

Marble is a natural material, so each top is one of a kind. As it is a product of nature it is prone to variations in colour, shade, pattern, texture, and density; all of which are inherent in such natural materials. It is these characteristics that add to the beauty and charm of the material.

5 Year Warranty

MADE IN ENGLAND COLLECTION

Designed and handcrafted in the heart of England.

Our collections are for those who truly recognise British made quality and individuality when they see it. The kind of hand-crafted perfection that no mere machine alone can truly replicate.

From our hand-crafted bathroom furniture, made the traditional way with fine detailing, to the reassuring strength and weight of our brassware that's manufactured from cast brass to last a lifetime or longer.

For added peace of mind, all of the ceramic ware in this collection carries a lifetime quality guarantee, so you can enjoy your new Turner Hastings bathroom suite safe in the knowledge that it will last for many years to come.

TOILET SUITE COLLECTION

Back to wall toilet suites have been the first choice for Australians when completing their bathroom designs, as they look tidier and are much easier to clean. The in-wall cistern aligns best with the minimal aesthetic. Rimless toilets are designed to be easy to clean whilst maintaining strong flushing performance.

Our ranges comply with Australian Watermark standards. All toilet seats are soft closing and have an intelligent quick release function for ease of cleaning around the seat fixings.

All bowls have been designed for excellent flushing performance requiring only one flush per use for real water saving, and all have a 4 star WELS rating. All toilet suites are sourced with smooth lines for ease of cleaning and hygiene purposes.

In-Wall Cisterns Frames & Tanks:
15 Year Warranty

Narva Rimless Toilet Suite with Thick Seat

RIMLESS TECHNOLOGY

The rimless bowl removes the hiding spots for germs and gives you a more powerful whole bowl clean. Where cleaning agents and toilet brushes were not able to reach due to the compact design of closed rim pans. The innovation in new rimless design allows for a dynamic water supply and thorough cleaning.

SOFT CLOSING

The soft close function allows your toilet seat to close gently on the bowl. It means no unpleasant bangs, reducing the need to touch the seat which improves the sense of hygiene.

QUICK RELEASE

Allows for optimal cleaning, all Turner Hastings toilet seats can be easily removed. Practical and easy to clean with a gentle push of two buttons, and reattach with a simple click.

EXTENDED SET-OUT

When choosing a toilet it is important to establish the set out required. For peace of mind, an extender can be purchased additionally to ensure it fits almost every set-out. All Turner Hastings toilets come with an adjustable pan bend for various set-outs.

Narva Collection

The Narva toilet features second generation ultra clean rimless flush technology with the fully glazed open rim (with no lip around the rim) maintains excellent flushing performance whilst making cleaning more efficient and effective.

Paired with thick or thin seats to suit contemporary or classic styling of your bathroom. The luxury soft closing seat and quick release allows you to simply press two buttons and the seat slips off its hinges for easy cleaning around the fixing area.

The Narva also features smooth straight back-to-wall lines and high quality world recognised Geberit inlet and outlet valves. The highly adjustable waste set out allows it to fit almost all applications. Features dual flush water saving technology.

In-Wall Cistern

This high-quality world-recognised leading Geberit brand in-wall cistern with a 15-year warranty is built for longevity. When required, all valves and parts can be replaced by easily detaching the flush plate - there is no access panel required. It is dual flush for water saving, and the valves are adjustable for increasing or decreasing water volumes per flush.

Pair with one of Geberit range of flush plates and pans to complete the look. The framed model is built to last with a steel support frame, this in-wall cistern suits most wall hung pans on the Australian market.
