Environmental Statement

This catalogue was printed using vegetable based inks on paper sourced from sustainable forests.

International Products

Selected Oliveri bathroom products are sourced from international suppliers. They are designed and manufactured to Oliveri's specifications and quality standards.

Warranty

Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Refer to oliveri.com.au for warranty details.

Oliveri Solutions

® Registered trademark of Oliveri Solutions. Under its policy of ongoing product development, Oliveri Solutions may from time to time change product specification without notice. WARNING: Products in this brochure and all literature pertaining to, are subject to Intellectual Property Protection. All dimensions given are approximate and should be checked prior to installation. The product images shown are for illustration purposes only and may not be an exact representation of the actual product.

THE OLIVERI BATHROOM COLLECTION.

The Oliveri Bathroom range is a collection of premium and contemporary bathroom products.

Inspired by the latest design trends and backed by industry leading warranties, the range includes more than 220 products across toilets, basins, showers, taps, baths and accessories.

Each collection has been named after an iconic 'city of style' in Europe and manufactured to the highest standards, through international partnerships with respected factories around the globe.

Offering end-to-end home solutions.

The vast range and superior design of our kitchen, bathroom and laundry products are enjoyed by homeowners around Australia and the Oliveri name continues to be synonymous with style, quality, reliability and great customer service.

One of this country's best home-grown success stories.

We have come a long way from the unassuming suburban factory where our business first began way back in 1947.

It was here in Adelaide, South Australia, that a highly skilled and dedicated team first pioneered the deep drawing sink making process in Australia.

Today, as Oliveri Solutions, our company is the only commercial pressed bowl sink manufacturer in Australia and one of this country's best homegrown success stories.

10 tips for the perfect bathroom

The bathroom is one of the busiest rooms in your home, so it's important to get the space right. A well-designed bathroom can dramatically enhance your home's appeal. However, with so many options on offer, choosing a final design can be challenging!

We've put together our Top 10 Tips to help create your perfect bathroom.

1

Your bathroom is your sanctuary.

Decide on a style you love that will complement your home, then stick to it – whether it's Hamptons, traditional, industrial, modern or classic. Research your style and collect pictures to keep you on track.

2

Consider wall-hung vanities and toilets to **create a feeling of spaciousness**. Wall-hung vanities free up a little extra floor room to store small items. A semi-recessed basin in a narrow vanity is another great way to save space in a small bathroom.

3

Match tapware colours to your wastes and accessories for a more cohesive look. If you decide on black tapware, choose the same finish throughout.

Matte Black

Polished Chrome

Brushed Nickel

4

If you prefer a more masculine feel in your bathroom, go with square or chunky tapware and accessories. Alternatively, softer, curved shapes create a more feminine atmosphere.

Matching the shape of the tapware to your bath and basin gives continuity.

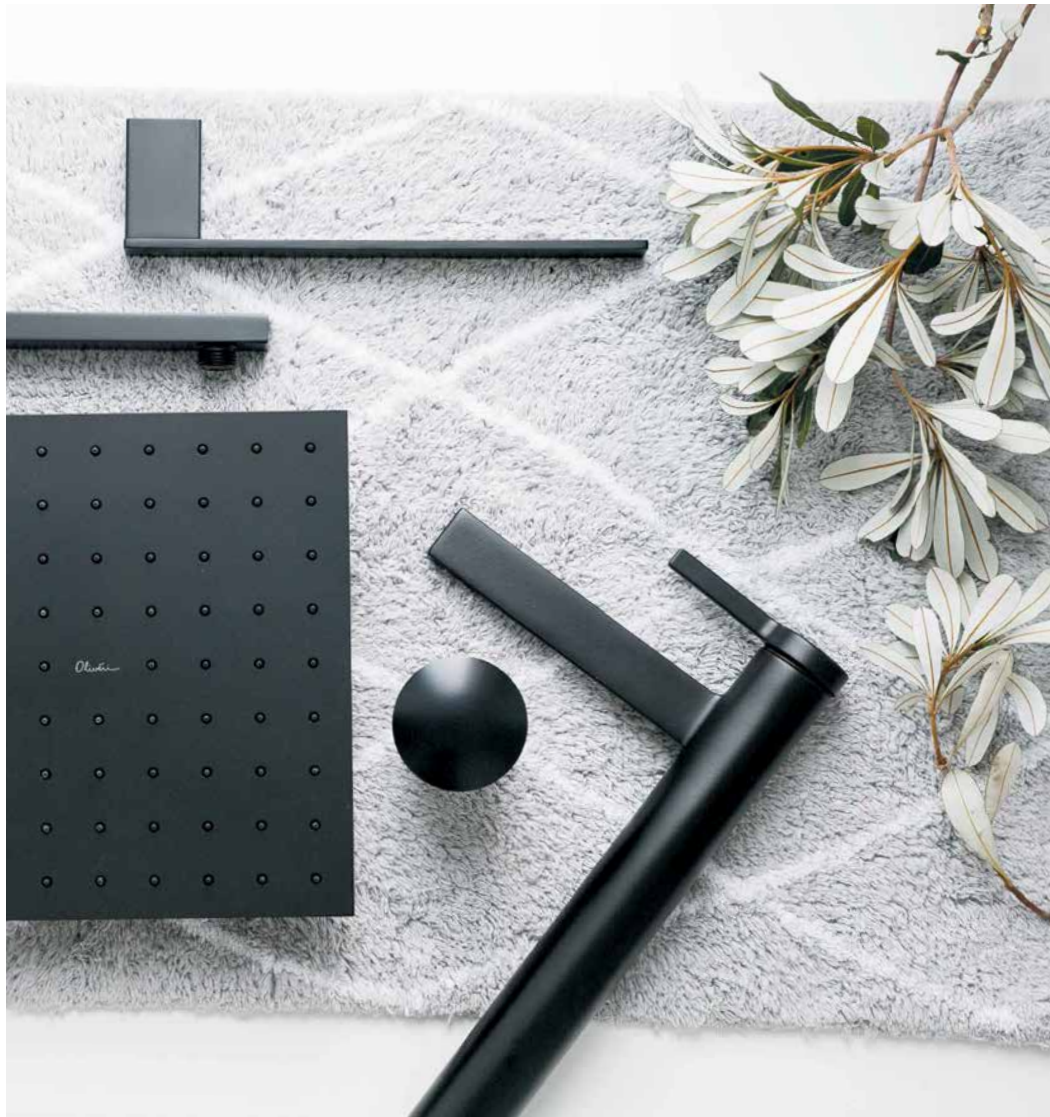

5

The placement of your shower mixer and accessories may seem like a small thing, but can cause frustration. **Place your shower mixer close to the entry of the shower** so you don't get wet whilst waiting for the water to warm up. Keep the towel rail close to the shower door so it's easy to access when you're dripping wet.

6

Create a hero piece in your bathroom –

a whole wall of amazing Italian tiles, a beautiful vanity or perhaps a gorgeous mirror. It's a great way to give the room a focal point; tying all the design elements together and setting the overall tone.

7

Every home should have at least one bath. Not just for practicality, if you have young children or for relaxation at the end of a long day, but a bath transforms a bathroom. Remember, it is important to sit in the bath before purchase. Baths can vary greatly and if you love bath time, you'll want to be comfortable.

8

There's nothing quite like a **beautiful freestanding bath** against a big window to create a sense of luxury. However, you will need space for this feature to work and enough room to clean all the way around it.

9

Know your budget and stick to it. Bathrooms can be costly! Choose quality, affordably priced products, backed by a good warranty. Get quotes for labour before you start and only use licensed tradespeople. Ask friends and family for personal recommendations on tilers, plumbers, electricians, and plasterers.

10

Finally, **don't forget storage, storage, storage!** Consider adding in a mirrored cabinet above the vanity for extra toiletries and items used daily. You won't regret adding a shelf or wall cut-out in the shower; you'll have more space for shampoo and conditioner bottles, rather than leaving them on the floor.

Tapware

Featured products /
Paris Brushed Nickel Tower Basin Mixer: PA070520BN
Naples Counter Top Circular Basin: NA3771
Madrid Brushed Nickel Towel Rail: MA860D07BN

Create a hero piece in your bathroom – an elegant tap, a beautiful statement basin or perhaps a gorgeous mirror.

Oliveri Bathroom Tapware takes bathroom design to the next level. There are over 80 different products including a range of pin or paddle levers in our tapware collections. Constructed from premium solid brass, Oliveri bathroom tapware includes three different surface finishes, ever-popular chrome, modern matte black or luxurious brushed nickel. And whether the preference is wall mixer, wall spout, basin mixer or tower option, there is an Oliveri tap to suit.

Brushed Nickel

A premium PVD coating gives our brushed nickel tapware its stunning colour. This soft, metallic finish is a close match to stainless steel and is a great alternative to chrome. Brushed nickel is versatile and will look great in any bathroom, from traditional to modern styles.

Matte Black

Sleek and sophisticated, the popularity of matte black tapware continues. Due to its adaptable nature and contemporary look, matte black can be paired with a variety of colours and designs.

Polished Chrome

A solid performer, chrome has been the most popular tapware finish for decades, and for good reason. Chrome is a timeless and durable choice for your bathroom.

SUSTAINABLE CHOICE

Our tapware has a **5 star WELS** rating or above

BRASS CONSTRUCTION

Ensures the tap's durability and ability to withstand high water temperatures.

200,000
CYCLE TESTS

BUILT TO LAST

200 HOURS
SALT SPRAY TESTING

Our tapware range has been rigorously tested to ensure they are built to last. Each surface is given **200 hours of salt spray testing** and **200,000 cycle tests**.

Showers

Featured products /

Monaco bracket shower
in matte black: MO168013BMB

Barcelona shower mixer with diverter
in matte black: BA121516MB

Creating a stunning bathroom is easy with more than 50 products in the Oliveri Shower range. Seamlessly incorporate European style with the circular Rome collection, square Monaco or retro Copenhagen, and a choice of three finishes – chrome, matte black and brushed nickel.

You'll be spoiled for choice with ceiling, wall, rail mount or hand-held shower heads, and a range of shower arms and mixers.

Oliveri hand showers offer **three spray settings** that can be easily selected using a button or lever.

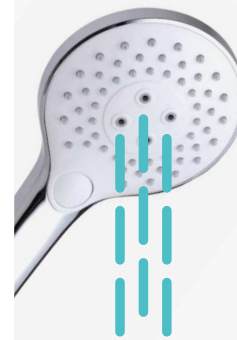

Rain

Standard shower spray function giving you the perfect mixture between hard and soft spray for your everyday shower.

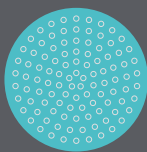

Needle

A hard, thin spray setting.

Massage

Thick spray coming from the centre of the rose gives a massaging sensation on your skin.

MORE HYGIENIC, EASIER TO CLEAN AND LONGER LASTING

Our Rome and Monaco ranges feature **silicone nozzles**; more hygienic, easier to clean and longer lasting than rubber nozzles.

SUSTAINABLE CHOICE

All showers are **3 star WELS rating** with a **9L per minute flow rate** for the best combination of efficiency and functionality.

STRICT QUALITY CONTROL

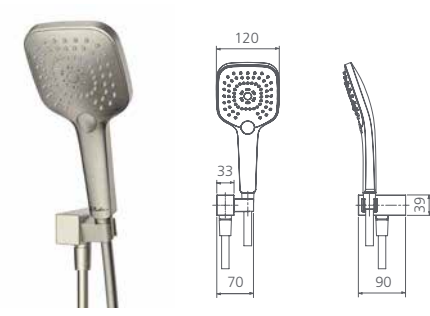

Our showers are tested for **maximum durability**. The PVC hoses are thoroughly checked against breakage and high pressure hot water is run through the shower body to ensure no internal damage.

Stockholm wall mixer set in matte black: ST095516MB
Naples counter top rectangular basin: NA3711
Pop-up waste in matte black: ACC186-E-MB

A wall-hung basin will free up floor space and create a feeling of spaciousness as there is no need for a vanity.

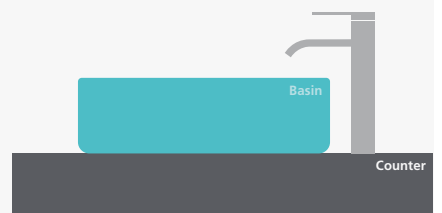

Oliveri basins make a statement, from the stunning colours of Milan to luxurious, thin edge Naples. Choose from five different installations and a variety of shapes and colours.

Installation options:

We offer five different installation choices across the range - countertop, wall-hung, semi-recessed, inset and undermount.

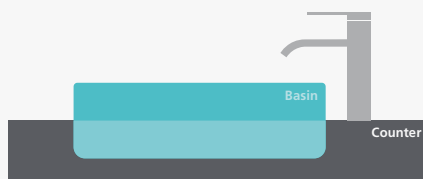

Counter Top

A statement focal point in your bathroom design.

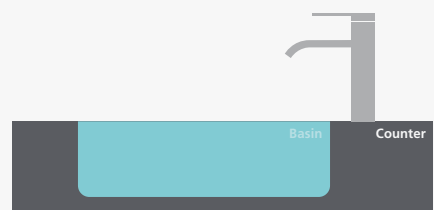

Inset

A neat installation option.

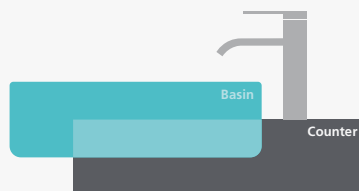

Undermount

A minimalistic look.

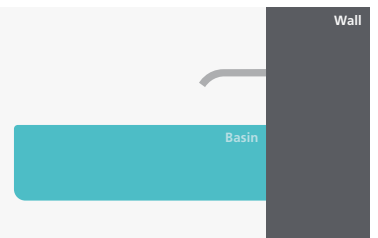

Semi-recessed

Space saving for narrow vanities.

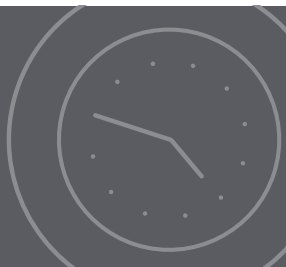

Wall Hung

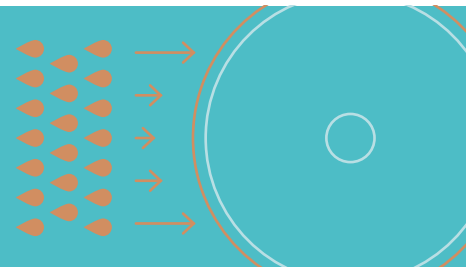

A contemporary and space saving solution.

For the ultimate in luxurious bathrooms, the choice is clear – including a bath. The Oliveri Bath range offers a range of different designs and installation types.

Freestanding baths

Due to its versatile nature, a freestanding bath can be placed anywhere in your bathroom. We recommend leaving a 150-300mm gap around the bath to allow for easy access when cleaning.

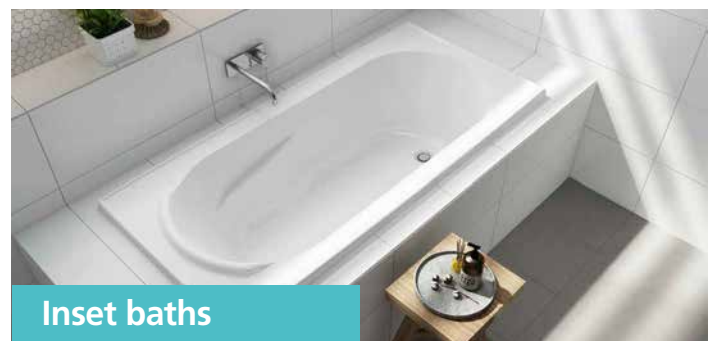

Back to wall baths

A back to wall bath, true to its name, sits flush, back against the wall offering a sleek look.

Island baths

An island bath sits in a tiled 'island' and is designed to make a luxurious statement. This style also offers extra room around the bath, perfect for placing candles, a book, or the kid's toys.

Inset baths

If you're working with a smaller floor plan, an inset bath can be a great choice. They're often installed next to the shower enclosure or with shower integration to fit both a shower and bath in one room.
